# **REPORT**

Date : 06.12.2024  
Venue: Britto Seminar Hall, LCE  
Time : 2:30 PM

A seminar on Aids Awareness was conducted with the main idea to spread awareness on aids and how it spreads and on the workings of the disease. This was brought in to bring in the students so that they may have awareness and spread the same among their future students.

## **Program Schedule**

1. **Prayer Song** - The event began with a melodious prayer song, setting a serene tone for the proceedings.
2. **Welcome Address** – Dr. Beulah Jayarani was welcomed with a beautiful welcome address by Ms. Rachel and was presented a bouquet made by the students.
3. **Address by the Resource Person**
4. **Vote of Thanks** - The event concluded with a vote of thanks, acknowledging the efforts of everyone involved.

Dr. Beulah began with a brief introduction on the workings of the disease and then she went on to describe in detail how the disease spreads through the transmission of bodily fluids. She spoke eloquently on how the disease which was present in one corner of Africa has spread around the world.

She addressed the questions of the students and spoke on the various myths surrounding aids like does it spread by mosquito bite? She also informed the students on the various preventive measures to stop contracting AIDS and further added upon it by speaking on the various new treatments that exist for a person who has contracted AIDS. She spoke also on the need to end the taboo of treating children and women especially who contract the disease.
