Date of the Programme:	07.08.2026
Time of the Programme:	10.15 am – 11.45 am
Target Audience of the Programme:	2nd Year Student-teacher
No. of participants	116
Objectives of the Programme:	✓ To familiarize B.Ed. students with the concept, purpose, and process of action research in education. ✓ To develop the ability to identify classroom problems and address them through systematic inquiry. ✓ To promote reflective teaching practices through the application of action research. ✓ To develop confidence in undertaking small-scale research projects related to real classroom situations. ✓ To strengthen critical thinking, problem-solving, and analytical skills for effective teaching. ✓ To encourage collaborative learning and the sharing of innovative teaching practices. ✓ To develop a research-oriented mindset among prospective teachers for continuous professional growth and lifelong learning.

Name of the Resource Person :	Dr T. Komalavalli, Assistant Professor, LCE, Chennai
Learning Outcomes of the Programme:	At the end of the orientation, the students developed a clear understanding of the importance of action research in identifying, analyzing, and addressing problems encountered in classroom situations. They were able to apply reflective teaching practices to critically evaluate their own teaching methods and make necessary improvements in their instructional strategies. The students gained practical skills in designing and implementing small-scale action research projects based on real classroom needs and were able to collect, analyze, and interpret information to assess the effectiveness of different teaching strategies. The course also enhanced their critical thinking, problem-solving, and analytical abilities, enabling them to identify appropriate interventions for improving student learning. Furthermore, the students demonstrated the ability to propose innovative and research-based solutions for addressing classroom challenges and enhancing the overall quality of teaching and learning.
